

## EA-32000 SMARTBOX® Lab Control Unit

**SMARTBOX®**  
AUTO CO<sub>2</sub> SYSTEM

This economical unit is designed for small scale use by individual investigators in their laboratories. The Controller automates on/off gas flow at the push of a button, delivering CO<sub>2</sub> to an individual cage or Euthanex Lid. The EA-32000 has a single gas output and two programmable cycles that include charge and dwell times. The run and ready lights visually indicate operation and completion.

Operates at a fixed flow rate based on the external CO<sub>2</sub> source.

### *Compliant with AVMA Guidelines*

*Lids and chambers not included*

*EA-32000 includes: SMARTBOX Lab Control Unit and one EA-1130 Lab Unit Hose*

### Lab Control Unit Features:

- **Compliant with AVMA Guidelines**
- Increases efficiency by staggering cage start times
- Treats animals at individual cage level
- Designed for investigators that need to retrieve animals quickly
- Utilizes the full range of Euthanex lids or existing induction chambers
- Minimizes operator error and excessive gas use
- Automatic shut-off saves gas and protects personnel
- Double throw switches start and stop each output
- Lights indicate cycle completion
- Controller easily attaches to wall

### Accessories

**EP-IL60 Inline  
Regulator**

**EP-1150-P Preset  
Regulator**

**TOP VIEW**

**LEFT SIDE VIEW**

**FRONT VIEW**

**RIGHT SIDE VIEW**

**BOTTOM VIEW**
